

QUID²

Ready for Boarding

Quid² is the ultra-compact and super light stroller ideal for travelling all around the world, by plane as well.

WE RECOMMEND IT:

For those who live vibrantly **every day** or are always **traveling** and need a stroller that is easily portable and can find space anywhere.

Ultra-compact:

ideal for even the tightest spaces, from an airplane's overhead compartment to the luggage compartment of a city car.

Extraordinary lightness:

the lightest in its category!

Maximum comfort:

its comfortable seat is ideal for offering providing your sweetie all the comfort away from home.

MAIOR

Great Adventures

The stroller for great adventures, for comfortable walks on any type of terrain.

WE RECOMMEND IT:

For those looking for a compact and lightweight stroller with great performance for many **outdoor adventures**.

Always comfortable rides:

thanks to its large wheels with ballbearings and soft suspension.

Extraordinary well-being:

the generous dimensions of the seat and backrest make it ideal even for older children.

Super accessorized:

ready for all seasons. Includes footmuff, raincover, and extending hood with UV treatment.

NOW

One Touch and Go!

The stroller that folds itself with a touch.

WE RECOMMEND IT:

For those who are always **on the move** and looking for a super practical, extra lightweight stroller.

Self-folding:

it folds by itself and always remains upright, whatever the condition of the backrest, the hood, or the wheels.

Guaranteed comfort:

the seat is wide and the backrest is well structured, also ideal for bigger children.

Lightness and compact:

it can be carried anywhere thanks to its lightness and compactness when folded.
